October 2011

Notes from Dr. B. **We are efficient.**

We are rarely behind schedule. Your time is set aside just for you.

We see around 30 patients per day.
(The national average is around 75.)

95% of our patients finish treatment in an average of 20 months. (...with exceptional treatment results!)

We know your time is valuable, and we don't want to waste it!

Calendar

Do you have a date that you would like to see in our calendar?
Tell us.
